

**FSG's LAW ENFORCEMENT MANAGEMENT SYSTEM (FSG/LEMS)**  
**Vehicle Maintenance**

The Law Enforcement Management System's Vehicle Maintenance program allows your department the ability to set up and track each vehicle that is used by the department. Gas, Oil, maintenance costs, average miles per gallon are examples of types of information captured by this system.

**SYSTEM HIGHLIGHTS:**

- o Complete master record for each vehicle recording basic information such as Model, VIN#, Purchase Date and Price, Description and year.
  - o Provides the ability to enter maintenance transactions by vehicle.
  - o You can view on-line vehicle history by vehicle number.
  - o You can print a vehicle master list.
  - o You can print a vehicle maintenance history list.
